- Line 7, --and-- has been inserted after "forming a seal;"
- (2) Claim 14, line 6, "one cross is adhered" has been changed to --one cross support is adhered--.

2. The following is an examiner's statement of reasons for allowance: These claims have been allowed over the prior art of record because while the prior art of record, Kane *et al.* and Bussan *et al.*, each teach a shelf for a refrigerator, wherein the cross support is either separate from the frame or integrally formed with the frame neither teaches nor suggests having a cross support that is separate from the frame and then joined to a first surface of the plate of the shelf by an adhesive (Claims 6, 14, and 24).
